

D6564F

10" 250W Outdoor Two-way Full Range Speaker

Description

The D6564F is a professional 10" two-way full-range loudspeaker featuring high output, wide coverage, and powerful low-frequency performance. With an all-weather design, durable wooden enclosure, and flexible hanging installation, it is ideal for performance venues, conferences, and commercial spaces requiring clear and dynamic sound reinforcement.

Features

- All-weather 10" two-way loudspeaker with powerful output and strong low-frequency performance
- Durable wooden enclosure with water-based coating and acoustic transparent grille design
- High-efficiency driver system for clear, dynamic sound reproduction
- Wide 90° × 40° coverage for even sound distribution
- Flexible hanging installation for professional fixed and mobile applications
- Ideal for performance venues, conferences, and commercial sound reinforcement
